

Jesus said, "unless your righteousness exceeds that of the religious leaders you won't make it to heaven." Maybe you're reading this and thinking "I completely relate to you Dave," or perhaps you don't believe in God at all. Either way, I'm glad you have read my story; how God has changed my life.

I can honestly say that the change was as immediate and profound as the thought of going to hell and missing heaven. I was changed, and everyone knew it. From that day on, I have never doubted God's love for me or my eternal destination.

I began to realize the impact of that thought; that I would spend eternity separated from God and in hell's torment...for all time; the impact was immediate and profound. I began repenting of my sins and asking God to forgive me for wasting His time and playing the religious game. I asked Him to make his power real in my life. I totally committed what I had to offer to the Lord that night and cried myself to sleep in repentance and praise.

You see, God isn't interested in you being **good** just to prove your goodness. He wants to have a relationship with you as your heavenly father. He loves you and has a wonderful plan for your life.

All you need to do is to turn to Him, through His son, Jesus Christ, and He will forgive you in the same way He forgave me so many years ago on that warm summer's night. The Bible says, ***IF we confess our sins, He is faithful; He will forgive our sins and will clean us entirely.***"

You can go to sleep tonight with a peace in your heart, knowing that you're on your way to heaven. But don't put it off. God also warns us, ***Don't make plans for tomorrow because you don't know what will happen!***

Thank you for taking the time to read my story. If you would like to talk more about your life with God you can contact me personally

God's very best to you.

Because there was no one in my bedroom except me (and, of course, the Holy Spirit) I decided to consider that question honestly. I don't know what happened, but the moment the answer came to mind, I don't think I would go to heaven, I began to weep.

If you died tonight, would you go to heaven or hell?

But, all of that changed one summer evening as I lay in a warm room and thought about a question that I had heard time and again at church. That question was simply...

I grew up attending church with my mother from as early as I can remember. Although I knew the Bible better than the average kid, it only had a moral effect on my life. My father's strong hand also helped to curb my unhealthy interest in smoking and spending time with the wrong people. Yet, there was very little of God that I owned. My religion never had a full controlling effect on my behavior when my father or other Christian adults were not present.
